Subject: Conference Call to Discuss RALs and Alternatives
Date: 07/22/2011 01:57 PM

Chip and Kristine:

Thank you for helping us get the MNR conference arranged for later today. I've been communicating with Carl Stivers and we would like to schedule a conference call with EPA as soon as practical to discuss the Agency's comments on the FS Key Elements check-in related to RALs and alternatives F & G.

Please let me know if you and your team are available for a 90-minute call Monday, July 25th. Also, please let us know who on your team would be attending. For the LWG it will be limited to a few Anchor QEA folks, and a few Exec members and/or their respective consultants.

Thanks,

Jim McKenna
